State Supreme Court Decision Stays Investigation Of Campaign Charges

FURTHER ACTION MAY BE POSSIBLE

Dauphin County District Attorney Is Given Chance To Amend Petition

(BULLETIN)

HARRISBURG, May 25.—Dauphin county's projected grand jury investigation into alleged state government corruption was conditionally stayed today in a supreme court opinion which held the present action "vague, indefinite and uncertain."

The ruling, read by Chief Justice John W. Kephart, gave District Attorney Carl B. Sholley of Dauphin county 20 days in which to amend his request for the investigation. If not refrained to charge a "specific criminal act" in Dauphin county, the investigation will be permanently prohibited.

"No Crime In Dauphin County" None of the allegations, brought by Democrats against other Democratic officials during the recent primary campaign, charged a crime as having been committed in Dauphin county, the court held.

The grand jury has been directed by the Dauphin court to reconvene May 31 to consider charges that legislation was bought and sold, and that state employees and private concerns doing state business were politically coerced.

Sholley called a meeting of his prosecution staff for this afternoon to consider the opinion and the possibility of amending his petition. He had to comment, however, on the appellate court ruling.

May Amend Petition "The grand jury cannot be permitted to proceed under the present petition," the opinion read by Chief Justice John W. Kephart stated. At the same time the high court (Continued On Page Two)

'Hands Off' Policy For United States

Isolationist Policy To Be Followed In German-Czech Dispute

(International News Service)

WASHINGTON, May 25.—Fearful the German-Czech crisis may yet, before the summer is over, again plunge all Europe into a devastating war, the United States has laid down a definite "Hands Off" isolationist policy. This policy, International News Service learned today, has been shaped in recent White House conferences between President Roosevelt and Secretary of State Hull, and is aimed at thoroughly insulating the United States against involvement, if a new European war comes. It is regarded as a complete reversal of the line of international policy the president projected last fall when he sought to halt aggressive acts of the Fascist nations by marshaling world opinion against them.

Czechoslovakia Makes Apology

(BULLETIN)

PRAGUE, May 25.—Czechoslovakia, admitting the incidents occurred, today apologized for a series of military flights over German soil.

This latest peace gesture coincided with impressive funeral services at Eger for two obscure Bohemian farmers who may some day be enshrined with Horst Wessel as martyrs to the Nazi cause. Crucial negotiations for a nationalities statute meanwhile marked time.

Following a protest from Berlin, Foreign Minister Kamil Krofta informed German Minister Ernst Eisner that the Prague government "regretted" the flights over the bordering frontier.

The government, said Krofta, "has done everything possible to prevent any further recurrences."

Wage-Hour Bill Battle Is Shifted To Senate Floor

Measure Is Passed In House Last Night By Vote Of 314-97

SOUTHERN SENATORS TO OPPOSE MEASURE

Demand Bill Carrying Wage Differentials For South —Filibuster Is Seen

By ROBERT A. MCGILL

WASHINGTON, May 25.—A powerful senate southern bloc—will versed in the art of filibustering—today closed ranks to fight to the finish the accorded wage and hour bill passed by the house last night by a vote of 314 to 97.

Organizing for one of the bitterest senate fights of the session, southern leaders today served notice that they will accept only a bill carrying wage and hour differentials for the south and other sections of the country.

"Talk To Death" Plan. Although no public announcement has been made of their plan, leaders of southern opposition to the bill said privately they are prepared to "talk to death" the 25 to 40 cent per hour, and 44 to 48 hour week bill.

Feared that the house bill may evoke a prolonged filibuster and delay adjournment of congress, administration supporters planned to send it quickly to conference where it is hoped a compromise with the senate bill may be worked out.

Mr. Mandich will take over the duties of the office immediately after he receives the official notification by mail.

Today he was arranging a personal bond which will cover the money he collects until he gets his surety bond of approximately \$270,000. The money which are now in the banks will be held in the custody of the county controller, Frank W. Hill. Mr. Mandich had no difficulty getting his personal bond, four of his friends going on it.

The business of the county treasurer's office just now is comparatively light, but in a few weeks taxes will start coming in heavily.

A majority of the southern group hoped to send the house bill to the senate labor committee to work out a compromise measure with differences for the senate as provided in the original senate bill passed last year.

NEW YORK, May 25.—The state rested its case against Donald Carroll, Jr., half an hour after court opened today, and the handsome youth who is charged with slaying his sweetheart in an uncompleted suicide pact breathed a sigh of relief.

In all the testimony given nothing had come out to change substantially the known facts that Charlotte Mathieson, 18, and Donald, two years younger, were in love; that Charlotte was an expectant mother; that in desperation she suggested a suicide pact and that Donald had killed her with his father's pistol and by her own wish when her own hand trembled so that she was unable to aim the gun.

Former Head Of T. V. A. Presents His Charges Before Congress Probers

By ROBERT HUMPHREYS

WASHINGTON, May 25.—The erstwhile patriarch of the troubled Tennessee Valley authority, Dr. Arthur E. Morgan, today wrote the opening chapter into the records of a congressional investigation of the agency's affairs by charging his former colleagues, directors, court A. Morgan and David E. Lilienthal, with "collusion, conspiracy and mismanagement in administration."

The 60-year-old educator who headed the far-flung TVA for the first five years of its existence, testifying before a 29-man senate-house committee, reiterated his fealty to the cause of public power but decried what he branded a "subversion to political and other special interests" in the administration of the largest scale venture into the field ever attempted by a government.

Mrs. Ickes it was revealed, spent the three months before her marriage nursing Ireland's beauty spots including Killarney and Donegal with Mr. Shuttack.

The American legation official said: "Everything was kept so quiet that it was not until Sunday that I was asked to become best man."

Denies Painting Plymouth Rock

Pittsburgh Man Facing Charges

Chief Of Police Of Plymouth, Mass., Causes Arrest Of Engineer

ROCK SMEARED WITH RED PAINT MAY 8

(Continued From Page One)

PITTSBURGH, May 25.—Indignant denials were made today by Stanley E. Bakewell, 46, a Pittsburgh construction engineer, to charges that he had painted Plymouth Rock a bright and dazzling red.

Bakewell was at liberty under \$500 bail following his arrest by Detectives John McCullough and Charles Cahill on charges preferred by Police Chief Russell Dearborn of Plymouth, Mass. Dearborn accused Bakewell of smearing red paint on the rock which marks the landing place of the Pilgrims on this continent.

Denies Charge

The Pittsburgh man who lives in suburban Gibsonia and is employed by the Pittsburgh-Des Moines Steel Company at Neville Island explained:

"I was in Massachusetts May 8 when it happened but I wasn't within 25 miles of Plymouth Rock. I was on a construction job at Scituate, Plymouth county. The first I knew of it was when I read about it in the Plymouth papers. Two days later I came back to Pittsburgh."

Chief Dearborn said Bakewell's arrest was ordered after an examination of fingerprints on the rock. A year ago on May Day, a bright red strip was painted across the rock but no arrests were made.

Margiotti Believes Probe Will Open Pittsburgh, May 25.—Confidence that the conditionally halted grand jury investigation of charges of graft and corruption against the Erie administration will proceed was expressed today by former Attorney General Charles J. Margiotti, whose charges comprise most of those involved.

From his bed in the Allegheny General hospital, where he is confined with a bad knee, Margiotti issued the following statement:

"I have had read to me the supreme court's opinion. I have been in telephone communication with District Attorney Carl B. Shelley of Dauphin county, who has charge of the grand jury investigation. Mr. Shelley will visit me in the hospital in the immediate future.

"I have no doubt that he will be able to amend his petition to substantiate the charges to the full satisfaction of the court and that the grand jury investigation will proceed."

These charges read with great deliberation by Morgan to the committee were:

"1. Inaccurate and misrepresentative reports to the president the congress and the public.

"2. Mismanagement of the power program.

"3. Lack of candor in statements to the congress and the public concerning the power program.

"4. Improper and misleading accounting, reporting and publicity in reference to the 'yardslick'.

"5. Collusion, conspiracy and mismanagement in administration.

"6. Subversive to political and other special interests."

Then the deposed chairman, who five months ago charged in land condemnation proceedings in the TVA-Berry Marble case than an attempt had been made to settle the case "with intent to defraud the government," entered a plea of denial with the committee that he had ever charged fraud against any director.

AIRLINER CRASH NEAR CLEVELAND TAKES TEN LIVES

by Independence village firemen saved much of the aircraft aboard the plane.

William Robertson, department of commerce inspector here, and United Airlines officials headed by William Peltan, Cleveland district manager, launched an immediate investigation. Two other government inspectors from Chicago flew here to join in the investigation, as did other air line officials, including Harold Cray, vice president.

Versions Of Accident Differ

One version of the accident was related by witnesses was that the plane burst into flames in the air. Another was that fire broke out only after it had crashed.

Exact scene of the crash was a lonely gully, nearly two miles from any road, and eight miles due east of the airport. In Seven Hills, village south of Cleveland, wreckage was strewn for several hundred yards and one wing was torn off entirely and lay some distance from the main part of the plane, indicating it had been sheared off when the craft struck a clump of trees.

The entire area was soaked in recent rains and rescue workers toiled in ankle-deep mud. Word of the crash spread rapidly, and by midnight traffic was tangled for miles around.

Early today the Cleveland police department sent extra crews of officers and blocked off the entire region. Some spectators attempted to tear off bits of the plane for souvenirs, and farmers complained that the tramping crowds were ruining their fields. One farmer threatened to take his shotgun to the crowds.

FLAMING PLANE OR FLARES?

James Duran, 45, of Independence and several other witnesses told the statement by Independence village firemen that much of the fire damage could have been averted had they been able to reach the scene a few minutes earlier.

Heat thrown from the blazing ship was so intense that the first persons to reach the scene were unable to get within a hundred feet of the plane for more than an hour.

Fate decreed that the plane should miss two level fields, one on each side of the gully, which probably would have permitted a safe landing. Condition of the wreckage indicated that the pilots were attempting to set down the plane because of some difficulty which probably developed only a few minutes before the crash.

At 10:07 p. m., when he was over Parkman, O., 42 miles from Cleveland, Brandon made his last radio report to the United Airlines radio station at Cleveland airport. The message transmitted by Co-Pilot Merrifield said:

"Merrifield reporting. Ship over Parkman, O., 4,000 feet altitude. Everything O. K."

It was the first air transport crash in the vicinity of the Cleveland airport. United Airlines officials said the deaths were the first passenger fatalities in 42,000 flights, over a period of 11 years, on their New York-Cleveland run.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heart, spicy, coarse or rich foods or when you are nervous, hurried or over-exercised, your stomach cannot digest your food. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel your food and upset all over.

Secure say now! Take a laxative for stomach pain. It is dangerous and useless. It takes those little black tablets called Bellan for indigestion to make the stomach digest rich, hearty meals, relieve distress in a minute and put you back on your feet. Bellan is so quick it is a warning and one 25¢ package puts it all out of your mind for indigestion.

WASHINGTON AT A GLANCE

Pennsylvania's Vote Interests

Washington Still Discussing Results Of Recent Primaries In This State

SEEN AS DEFEAT FOR THE NEW DEAL

By CHARLES F. STEWART
Central Press Columnist
WASHINGTON, May 25.—It is a bit difficult to understand what David L. Lawrence's reasoning was when as Democratic state chairman in Pennsylvania, he telegraphed to the White House that the recent nominating primaries in the Keystone commonwealth amounted to "another victory for Rooseveltism."

In the first place, voting by the Republicans for their candidates was considerably heavier than the Democrats' voting for theirs, which suggests the possibility that the state may swing back into the G. O. P. column in November.

True, in these mix-up times there are some quite New Dealish Republicans. But the Republican who won the Republican gubernatorial nomination in Pennsylvania is not one of them; he is Arthur H. James, a conservative, Gifford Pinchot, the New Dealish Republican gubernatorial aspirant, was beaten overwhelmingly.

And for the Republican senatorial nomination James J. Davis was an easy winner. Despite his trading union affidavits no one ever accused "Puddler Jim" of being a New Dealer.

It isn't such bad betting that James and Davis will be victorious next autumn, either. That would not be much of a New Deal triumph.

EARLE A NEW DEALER
We know that Postmaster General James A. Farley, undoubtedly

speaking for the administration, indicated that Governor George H. Earle for the Senate, and he was nominated handsily on the Democratic ticket.

However, it is of record that Earle roughly repudiated Farley's endorsement.

Earle, at that, has been a good New Dealer. No doubt he would have appreciated Farley's endorsement for the fact that Farley also "knew" the Democratic candidacy of Thomas Kennedy for the governorship.

Now, Earle has been plugging for Charles A. Jones and he resented the Farley endorsement of Kennedy so much that he refused it in his own behalf.

Farley, then, got what he wanted as to Earle, but was licked as to Kennedy. And, by endorsing Earle, he seems to have driven the latter off the reservation—at least temporarily. The two "made up" later. It is queer to see the beneficiary of an endorsement outraged by it, but that is one of the peculiarities of Pennsylvania politics.

HOW IT WORKED
Farley probably thought he could satisfy one each of the rival Democratic groups in Pennsylvania thus bringing them together and consolidating the Keystone Democratic vote.

Earle has been antagonized. Of course Jones is sore. And Kennedy is defeated.

BUNGLING?
So the New Deal stands in Pennsylvania:
1. To lose to the Republicans, or
2. To elect a hostile Democratic senator and governor.

Earle may be won back at the least, was administratively bungled. But Jones, if elected, surely can be reconciled.

The best one can say is that it was a bungling job of Farley's.

LABOR SPLIT
Earle gains substantial credit for his loyalty to his followers.

The John L. Lewis organization has claims on the administration for Farley's support of the C. I. O. candidate, Kennedy—but he was licked in his own party's primary.

The result is to be jumbled to draw many conclusions from.

But it cannot be interpreted as a New Deal victory, such as the New Dealers regarded Senator Pepper's renomination triumph in Florida.

Incidentally it indicates that the A. F. of L. and the C. I. O. have got to get together to accomplish anything for labor. The thing was a kick in the pants for the C. I. O. and no getting away from it.

This has got to be taken into account.

Pennsylvania essentially is an anti-labor state.

The United Mine Workers are strong there, certainly.

But, perhaps, for that very reason, "anties" are very active there. It is a center of contention.

Pleated dresses are much worn for dancing, whether it is the rumba, the conga or the waltz.

Joseph's Market Opens Thursday

Three-Day 'Grand Opening' Planned For Enlarged Southside Store

The south side's most modern market—the new Joseph's Market at 11-13 East Long avenue—will celebrate its formal "grand opening" on Thursday, Friday and Saturday.

Outfitted with the very latest in up-to-date market facilities, the new Joseph's has been expanded to twice its former size. Where it formerly occupied one room, it now occupies two. Gleaming white, the store is one of the most attractive in the city.

All the market departments, including meats, groceries, fruits, pastries and others, are featured as before—and the traditional Joseph's policies will continue to prevail. It was back in 1917 when Michael Joseph, owner and manager of the firm, opened his first small market and established those policies. Since that time the market has moved four times, always into larger quarters.

In The News tonight the market's food specialties for the formal opening celebrations may be found in a two-page advertisement.

The new market's construction commenced back in March, when workmen plunged into their job of annexing the room next to the former market. They worked with a vengeance, and today, with everything stocked and ready to operate, the market force awaits the visiting public. The public is invited to inspect it.

Close to 30 courteous employees will be on hand during the celebration days to accommodate customers, Mr. Joseph said.

The Gettysburg address will be given by J. R. Meek followed by music and a short address by Rev. MacDonald. A song will close the program, after which the graves will be decorated.

Holy Communion On Ascension Day At Trinity Church
Services Here Thursday Morning; Choir Festival At Youngstown, O., In Evening

Tomorrow many Christians will commemorate the last great event in the earthly life of Christ. His Ascension into Heaven. It is a Bible day, for the account of it is found in the first chapter of the Book of the Acts of the Apostles, or the fifth book of the New Testament. The parable of Christ from His life and death to His glorious ascension, was accomplished quietly, without pomp or ceremony, but very impressively. His final instructions left an indelible mark on their minds. So down through the ages, Christians have not forgotten.

Therefore in Trinity church, at the corner of North Mill and East Falls streets, there will be the holy communion at 10 a. m. giving an opportunity for business people and workers to keep the day. This will be followed by interesting music at 10:30 a. m. and a service of prayer at 11 a. m. of the day's commemoration at 9:30 a. m. At each of these services the appropriate scriptures will be read and the moments of the day and its meaning for the future, for all time.

At 8 p. m. the Annual Ascension Day Choir Festival will be held in St. John's church, Youngstown, Ohio, which is located on Wink avenue. The choir of Trinity church is taking part. Automobiles will leave the church on East Falls street at 5:30 p. m. for Youngstown. Arrangements are in charge of Miss Isabel T. Johnson, organist of the local church. Eight choirs will render an elaborate program of music.

On his return to Europe a Dutch professor has reported that after traveling in dug-out canoes up the Marowijne river in Dutch Guiana he spent eight months with tribes of natives who had never seen a white man before.

NO better proof of this can be found than in the "recovery program" he is now devising through congress, against the judgment of little as well as big business, and with the private disapproval of most of the Senators who will vote for it. It ignores every recommendation that has come to him from a business source since this depression began. It insists once more upon the spending policy, which so tragically has failed, and in which the overwhelming majority of thoughtful men see grave danger, but which, as Mr. Lippmann says, "has become the most perfect device ever invented for winning elections and staying in office."

In the light of what Mr. Roosevelt has done and is doing, in view of his clear determination not to deal with the depression the normal way, these good will gestures and amiable words toward business such as exude from Mr. Hanes, simply create an unwholesome optimism. There is no sense fooling ourselves.

'Tom Thumb' Event At First U. P. On Tuesday Success

Throng Attends "Tom Thumb"
Wedding; Eighty-Five Little
Tots Take Part

A huge crowd filled to overflowing the large auditorium of the First U. P. church Tuesday evening as interested parents, relatives and friends gathered to witness the Tom Thumb Wedding presented by a cast of 85 youngsters, under the direction of Mrs. Jack Melvin and Miss Mildred Burleson. The wedding was sponsored by Unit No. 1 of the church, and arrangements were under the general supervision of Mrs. Grace Crawford.

To the strains of appropriate musical music, played by Pianist Elaine Ballard, the curtains of the stage were drawn, revealing an altar backed by a lovely stained-glass window, and decorated with flowers. Each of the august assemblage of wedding guests was shown down the center aisle of the church and introduced by the ushers, before taking his place on the stage. Among those attending were such important names as Mr. and Mrs. Roosevelt, Mr. and Mrs. George Earle, Mr. and Mrs. Charles Lundberg and others of equal brilliance in world affairs.

Two songs, "I Love You Truly" and "O Promise Me", were sung in duet by Leona and Wilma Hecker, accompanied by Sophia Buchner, before the entrance of the bride party began, to the tune of the familiar Lohengrin's Wedding March, played on the organ by Barbara Edelstein. The bride's mother and father, Rosalee White and Nelson English; the maid of honor and best man, Ann Bannion and David Withers, and the bridesmaids and ushers led the party, followed by five little flower girls dressed in white. The bridesmaids' dresses were identical, in different pastel tones of silk. The ring-bearer, Donald Bowden, came next, preceding the bride and groom, Jean Treloar, daughter of Mr. and Mrs. Daniel Treloar, and Jimmy Braham, son of Judge and Mrs. Walter Braham. Trainbearers Jerry Alexander and Edward Phillip Wish followed, carrying the froth of white veil that completed the lovely white gown of the bride.

Preacher Ned Vidal officiated at the ceremonies, during which the main participants agreed to be bound with "iron lock and chain" to each other for the rest of their lives.

In stately procession the company filed out, to have the usual wedding pictures made.

Bridesmaids were Carolyn Shannon, Marilyn Shannon, Rosemary Bacc, Patsy Weaver, Barbara Jackson and Paula Allison. Ushers included Darrell Shoar, head usher, Jimmy Furst, Gary Norris, George Richards, Bobby Branton and Martin Hornung. Charming little flower girls were Sandra Malvin, Margaret Sheppard, Marilyn Mossner, Patsy Bush and Kathleen Lenore Patterson.

The guests included John Alexander, Bobby Phillipot, Billy Phillipot, Della Ann Meyers, Charlotte Han-son, Billy McAfee, Charlotte May Christoffer, Jennie Beam, Earl Ruby, Jay Rudolph, Bobby Ferguson, Bob- by Borland, Joya Johnson, Grace Johnson, Phyllis Speck, Peggy Jane Gilliland, Jean Cooper, Virginia Rogers, Nancy McFall, Winifred Ann Gurnigh, Marceline Burkholder, Johnnie Henrichack, Jimmie Rugh, Willie Shick, Jr., Billy Bank, Randall Hayde, Nancy Patterson, Harriet Miller and Marilyn Mott.

Several selections were sung by the Arthur McGill chorists, under the direction of Miss Preston. In the chorus were Mary Esther Coates, Joanne Cullford, Betty Lou Finch, Florence Harg, Charlotte Ann Jones, Shirley King, Marjorie Matthews, Elaine Butler, Marilyn Reeves, Winifred Shaffer, Maxine Taylor and Helen Vogan. A silver offering was taken.

At the tune of "Home Sweet Home" faded away, the curtains were opened upon the scene of "Tom Thumb's First Wedding Anniversary." A clever playlet, with the usual satisfactory happy ending, was presented by a cast including Janet Everett, Charles Cook, Joan Leino, Mary Lou Clark, Billy Leroy, Peggy Floyd and Barbara Edelstein.

Program To Be Presented On
Thursday Evening; Elab-
orate Program Arranged

Elaborate plans and arrangements are being brought to a final completion for the bi-annual May celebration to be held on Thursday evening, May 26, at the Croton school house.

The event, usually called "Croton Night", is scheduled to start at seven o'clock. The program will feature gymnastic drills, which will include square dances, folk dances, wind and drummed drills. Also on the program will be a variety of Croton band, and the singing of the Croton hymn will be the last of the program in the school gymnasium. There will be the industrial art display made by the department of home economics.

Hereafter no seating arrangements were made in anticipation of the spectators. However, the two teachers are being erected, which will give a report to the audience attending. There is no admission charge, but refreshment bowls are being set up the program, which will be added to the fund for the Croton school band uniforms.

In case of rain the festival will be postponed until the next evening, or the first evening thereafter that the weather permits.

Spears of the villagers' program, effective, expert hunters were called to villages in the Gualval Valley of India to hunt leopard and bears that had been driven down from the Himalayas by snow and heavy rain.

Character is the base of all life and to obtain it, it is necessary to have faith, honesty, integrity, vision, high motives and belief in God. Character together with capacity is the important thing. Character consists of ideals cut into life by thoughts, ideals and work and making character stand the erosion of the years requires the best of everyone.

In a group of 400 people on an average only one person is a leader, the others follow the crowd, and in concluding the speaker challenged the graduates "Dare to be your best self. The last diploma is life's greatest diploma and comes from God".

Students Speak.

"Woman Behind the Footlights" was the subject of the salutatory address given by Miss Mary E. Matrangol, and according to her talk, of all arts invented for entertainment none is more suited to the genius of woman than that of the theater. The achievements of Sarah Bernhardt, Eleanor Duse, Katharine Cornell and Helen Hayes were cited. At one time the theater was an "evilness" and theater history covers 2500 years but only during four centuries have women had an official part in its development, and in the remainder of her talk, Miss Matrangol traced the complete history of the theater.

In a very fine talk on the subject "Born Long and Short", the class valedictorian, Miss Dorothy L. French, took the audience on an imaginary tour through the state school, showing that it is not an asylum for the insane, but a home, a school and a laboratory for mentally deficient or subnormal people. Because there are men and women who are willing to sacrifice their own pleasure to bring some happiness to such unfortunate ones, such schools have been established. A four-fold plan is carried out at these schools, physical, mental, social and moral education. In concluding, Miss French said "because we have been born long and not short we should have gratitude etched on our souls for the happiness of health".

Ralph C. Shaffer, principal of the high school, presented the class and J. Ellis Bell, superintendent of

Wayne Board Cuts Millage Of School Tax

Mills Decreased From 24 To 20 As Budget Is Adopted

ELLWOOD CITY, May 25.—Residents of Wayne township will welcome the news that their school tax millage for 1938 has been reduced four mills with the total millage now being 20 mills.

This action was taken by members of the Wayne township school board on Monday evening when they held their regular meeting in the new consolidated school for the purpose of levying the tax rate and adopting the 1938 budget. A 55 per cent tax will be assessed to every eligible voter in the township. One of the reasons that the board was in a position to lower the millage was the fact that it costs less to operate the consolidated school than the several one-room buildings.

The education of school pupils will be made in June in order to enable the directors to line-up their bus routes early in the summer.

The time of meeting was changed and in the future all meetings will be held the first Monday of each month with the next one scheduled for June 6.

Little Bits Of This And That About Ellwood

During the electrical storms that have swept over this vicinity recently a number of minor disturbances have been reported. Fortunately no one was injured as members of the family had gone to another part of the home just prior to the accident.

Repairs to the Koppel-Ellwood City bridge, now under way by the Harmony Transportation company, are expected to be completed by July 1. All new timbers are being set in the bridge repainted, and the top deck has been closed by order of the state for several months.

Indications are that the toll charge will be reduced when the span is re-opened.

Former U. S. Marshall Almost Helpless 3 Years Praises "Vendol" for Glorious Relief

Was in bed almost constantly, then lived in a chair. Couldn't get up alone. Tried many remedies, says nothing has helped him like Vendol.

"I have the highest praise for this medicine Vendol, known to thousands in this city, because it has given more relief than anything I have found in my long illness," says Mr. Burrell Smith, who was a U. S. Marshall for years, now retired and fast regaining his health.

"For the last three years I have been almost helpless and have been in bed up and off the greater part of the time. I could not get out of bed alone and when I sat in a chair I could not get up without help. I was terribly constipated, which caused me to feel very uncomfortable. I was up and out of bed and my stomach was often upset and out of order and my kidneys were aching.

"I had not finished the second bottle of Vendol before I felt a big improvement and it seemed to be just the medicine I had been looking for. It relieved my constipation, then my stomach troubles, my kidneys, my back aches, and my general feeling of weakness. I am now feeling much better and feel better than at any time since being sick. Vendol is a great medicine and I advise every sick person to try it."

Vendol is made from 12 of Nature's Roots and Herbs mixed with valuable Alkalines, so it is like taking a lot of medicine in one and accomplishing several things at

Two G. A. R. Veterans Are Guests Of Lions

Two Lawrence county Grand Army of the Republic veterans—one 81 and the other 90—sat across the luncheon table from each other Tuesday as the Lions club, in its annual Memorial Day season program, honored the men who so gallantly served the armed forces of America in those four stirring years from 1861 to 1865.

Commander D. M. Clark, the leader of the small band of Civil war soldiers who make up Lawrence County Post 100 of the G. A. R., came from his home at Mt. Jackson to join a comrade, Edwin L. Ayers, a Pulaski resident, for the service of tribute. Mr. Clark is 90, Mr. Ayers 91.

While the club heard Dr. J. J. McVaine, pastor of the First Presbyterian church, deliver an inspiring, heart-moving Memorial Day message, the two old soldiers sat attentive and erect. Silently, they heard the speaker of the day honor them for "their courage, their heroism, their sacrifice."

"As the nation stands by the graves of its heroic dead this week and next," Dr. McVaine declared, "may there be a new dedication of thought and purpose, a new baptism of courage, unselfishness and patriotism, a new willingness to lay life, fortune and sacred honor upon the altar of our country. May there be a new remembrance, memory undimmed and present to give birth to a future of righteousness."

Other aims being to encourage leadership and active participation in worthwhile campus activities and to be of service to the college.

In existence since 1922, Target has sponsored a student-scholarship bursary fund of Westchester bookplate college money, an annual football sale, sale of Mother's Day invitations, and scholarship teas. All the financial projects of the past year were to raise money for the new Brunswick town furnishings in McGill memorial library.

Next year, with the completion of its fifth year, Target will be qualified to petition Memorial Board, national senior women's honorary fraternity.

Man Who Built Largest Barn Dies

Ohio Man, Once Millionaire, Wills Huge Estate To State Of Ohio

(Associated Press Service.)

XENIA, O., May 25.—Many and varied were the eccentricities of the late John Bryan, one-time Cincinnati millionaire who spent the last

few years of his life on the vast estate he willed to Ohio, Bryan State Park.

Evidence of one of his ideas was provided by a giant barn, Bryan built on his land. According to legend, the Great of Russia attributed to the world that he had built the largest barn there was. Bryan decided to build a larger one.

His compelling stimulus to add to have been larger than the Russian barn and it thus became a monument to Bryan. However, because of its immense size, the barn served no useful purpose.

The barn, soon to be razed, has the following dimensions: It is a two floor affair, 204 feet long and

130 feet wide. It was calculated to stable 200 cattle or 100 horses and has running clean, spring water from eight different taps.

Nazi Germany To Lodge Protests On Border Incidents

Report Hitler Sends Warning

Nazi Germany Assumes Role Of "Injured Party" In Czech Dispute

CZECH FLIERS ARE CAUSE OF PROTESTS

By PIERRE J. HUSS
International News Service Staff
Washington, D.C.

BERLIN, May 25.—Nazi Germany took the role of the "injured party" today and instructed its representative at Prague to lodge a strong protest against a number of alleged border violations by Czechoslovakian military airplanes.

Dr. Ernest Eisenlohr, German minister to Prague, was ordered to approach the government of Premier Milan Hodza in connection with four specific instances in which Czech planes were alleged to have crossed the frontier in violation of international ethics.

The protest coincided with reports that Reichsmarschall Adolf Hitler had sent another stern warning to Prague against further violations likely to involve the 3,500,000 Sudeten Germans in Czechoslovakia whose autonomy he is seeking.

Protest Embarked
Eisenlohr's protest will embrace these allegations:

1. A Czechoslovakian military airplane, equipped with a machine-gun, crossed the German border west of Eger, scene of the killing of two Sudeten Germans last Saturday, and passed over German towns at a low altitude.

2. Another Czech plane, also armed, crossed the frontier southwest of Sittau near Grossschönau.

3. A third plane cruised over

Hinterherdorf for 20 minutes, presumably surveying German troop movements and fortifications.

A fourth plane swept over many square miles of German territory in the vicinity of Klondentz, flying at a low altitude.

Eisenlohr was instructed to point out that the Czech military activity had caused great excitement and concern among the German population, especially in view of Czech military concentration across the frontier while it is obvious that no military movements are being undertaken on the Reich side of the frontier.

For this reason, it was asserted, Czechoslovakian military preparations "before the public eye" were branded as "totally inexcusable."

BESSEMER

SCOUTS' TRAINING COURSE

The Scout masters and troop committeemen of Ellwood City and Bessemer spent Saturday afternoon at Ellwood City "Camp Thompson." Donald King of Bessemer was appointed scoutmaster for the afternoon and he in turn selected members from the party to assist him. A game of "Scrub" was enjoyed by those present until the rest of the party arrived, after which the afternoon's program got under way.

Under the supervision of Mr. McCowan, a map was laid out of the camp to be handed in next Tuesday. Then a demonstration of felling a tree and the use of an axe was given by Howard Gill. Following the demonstration the party divided into two groups. One to follow a trail laid out by Mr. Richie and the other group worked on the scout pace under the same supervision.

Then the group was again divided into two and Scoutmaster Donald King was the judge of a nature contest which was won by group two. Next a demonstration of the building and safety laws regarding it was given by Mr. McCowan, after which the party broke up into groups of three and four to prepare supper which consisted mostly of broiled meat and baked potatoes.

A council in charge of Nick Cassillo was to follow but these plans were spoiled by a sudden downpour of rain which sent everyone home. The rain also spoiled a "Star" song that was to have followed the campfire and would have been in charge of Boyd Barrett.

Tureen Dinner Honors Champs At Epworth M. E.

Twenty-Five Attend Dinner For Church Basketball League Champions

HENRY MacNICHOLAS IS MAIN SPEAKER

Numbering among the finest dinners of the year at the Epworth M. E. church was the Tureen dinner tendered the boys' championship basketball team. Twenty-five sat down to a sumptuous dinner and enjoyed a most lovely evening. Richard P. "Dick" Reitz was the toastmaster of the occasion. He did a swell job. The dinner was last evening.

The occasion was in honor of the Epworth team that has won the Church league crown for two years in a row. The dinner was made possible by the members of the Rev. McCurdy Sunday School class of young men and women.

MacNicholas Gave Talk. Steaming plates of everything known to the Tureen world was on the tables, and quite tasty everything. The boys let it be known that they are champion eaters as well as basketball players.

The evening part of the program out of the way and the boys were well depicted. The rest of the evening hours was spent in speech making. The first speaker introduced by Toastmaster Reitz was Henry MacNicholas of the New Castle "Y" who gave a very fine talk on the church league, the kind of fine boys that made up the Epworth team, and in general his talk was very interesting and very enlightening.

Rev. McCurdy Speaks. Coach Jack Lovell was next called upon and gave a nice talk in which he paid the boys a lot of credit for the success of the team this year and thanked the boys of Epworth team for their cooperation and fine spirit. Charles P. "Bugs" Walther of the New Castle "Y" was called upon for a talk. Eddie Nahas, captain of the team spoke very briefly and said that he enjoyed playing with Epworth.

Rev. H. A. McCurdy was next introduced and spoke very briefly and congratulated the boys on their achievement and stressed the fact that his boys are the best he has ever known as gentlemen in the world of sports. Jack Black, president of the McCurdy class was called upon and took a bow.

Awards Made. Those receiving awards from Mr. MacNicholas were: Captain Eddie Nahas, Wendell Morrison, Henry Weber, Jack Keim, "Bugs" Walther, Jimmy Darr, Elmer Wainio, Coach Jackie Lovell, Manager Zeiler and George Hawkey.

All of the members of the team responded with short talks after being called upon by Toastmaster Reitz.

General Chairlady of the dinner was Miss Mary Lovell.

Public Linkers Prep For Tourney

Group Will Play Highland Park Course In Cleveland On Friday

Friday will find a group of Sylvan Heights players, who expect to compete in the National Public Links tournament at the Highland Park course in Cleveland next summer, journeying to the Ohio city to play over the course and get the lay of the land.

The way the local boys have been coming along so early in the season makes it certain that they will be contenders for the title this year. Each city is allowed five players to a team, four regulars and one alternate, and there will be a scramble for places on the local team this year due to the fact that the tournament will be held so near here.

Willie Grommes, who turned in a lower qualifying score on his second round than Strafer, who paired with him at New York several years ago, when the latter was up at the top of the heap, has acquired additional experience under fire during the past year and will be one of the boys that will have to be beaten in the national event.

Izzy Solomon, one of the better tournament players of the city, has been playing over the Sylvan Heights course daily of late, sharpening his irons for the National Open Championship rounds to be held at the Pittsburgh Field club next Tuesday. He has had considerable tournament experience and excitement and stressed the fact that his boys are the best he has ever known as gentlemen in the world of sports. Jack Black, president of the McCurdy class was called upon and took a bow.

General Chairlady of the dinner was Miss Mary Lovell.

DECAPRIOS WIN AGAIN

The Decaprios won its 12th straight game of the year last night by toppling the Red Top Chambers team 7 to 2. Tommy Morella and V. Bullano were the heavy hitters of the game. The Decaprios will play the Boilies tonight at the B. & O. field at 8:30 o'clock.

Chances are Sera Bisenti will be retired permanently as much as with War Admiral at Belmont Park was called off on account of the "Biscuit" condition.

HERE AND THERE IN SPORTS' LAND

Tommy Splegal, Uniontown lightweight, added a pugilist teacher to his cap when he stopped Chief Bally Race Miller of Wheeling, in the seventh round at Pittsburgh, last night. It was the second time Splegal flattened the Stogietown mixer. The Chief was down twice in the fifth round, twice more in the sixth and was punched out of the picture in the seventh, Irving Eldridge of New York defeated Ray Stacker of Cleveland, in a 10-round semi-final bout.

Nationally known stables have entered horses in the Allegheny County club show to be held at Sewickley, June 2-4. Five jumpers and three hunters from the stables of Mrs. J. C. Hamilton, Warren, Pa., top the list of exhibitors which will show at Sewickley for the first time.

Nobils Remain In First Place

Nobils Upset Booker T. Washington Team 13 To 10 At Gaston Park

The Nobils remained in first place in the City Softball league by toppling the Washington team 13 to 10 at Gaston Park last night. The Washington team had been in a postponed game.

Norm Bisara and Lee Chabak did the pitching for the Shamons and gave up nine hits. Sporting the Washington team six men in the first two innings, the Nobils were ahead to win in the last of the sixth with a four-run attack. The Nobils will play the N. Y. A. team tonight at Gaston park field.

West Pittsburgh Loses To Indies

Score Is 2 To 0 As Majocha Wins In Fine Pitching Duel

In one of the finest pitching duels of the current season the Lawrence Indies last night at the Cedar street field gave the West Pittsburgh a 2 to 0 shutout.

Based on the bill for the West Pittsburgh allowed the winners but five hits, but young Majocha of the Indies was the better of the two not allowing any runs on his five-inning pitching. Powell fanned eight and Majocha fanned two. The Indies won the game in the first two frames by getting one run in the first and second stanzas. Extra-base hits were made by John Mark, James Mackey, Gaydoski, Cerny and Baker.

Ideal Highway
Is Envisioned

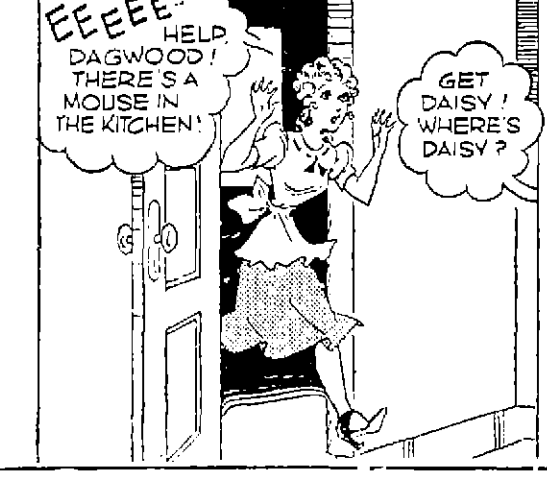

(International News Service)
WILLIAMSPORT, Pa., May 25.—The ideal highway of today calls for four lanes divided by a planted strip with clover-leaf intersections and overpasses and underpasses to avoid grade crossings, in the opinion of Chief Engineer Samuel W. Marshall of the department of highways.

"Even now our engineers are envisioning the planning for the ultimate highway system of the future," stated Marshall in a speech before the Pennsylvania motor federation's annual convention. "Just as highways built even 10 to 15 years ago are becoming obsolete, so our present roads soon will be unless we anticipate and make provision for future uses."

PIGEONS DECORATED

FROM ME TO YOU

BY MENEEALL

If you have noticed we haven't touched on some of the more serious problems confronting the citizens of this city... we feel that this is a very serious business and we try and bring a laugh into your life at least once a day... sometimes we fail but that's the columnist's fault... maybe you smile, yes.

That little girl who has taken showmanship in a little different light than the rest of her family will present her school of dancing on the Cathedral stage tonight... Miss Billie Glenn of the gorge ride Glenns... the preview has the show stepping along at a very fine pace so you won't go to sleep in your seat.

It won't be long until school is out and thousands of children will be turned out on the streets and are the citizens of New Castle prepared to take care of this problem... I think we are a little better equipped this year than last and as each year passes on we should do better... our drivers are going to be more careful because they are the ones that make the safety record... and our bicycle riders are in that class this year so please parents mention this to your children.

You and you and you are talking about taking your vacation... but while you are waiting for the time to come how about getting in the old bus and taking a trip around the town... there are some very beautiful rhododendrons in bloom throughout the city... some a lot nicer than you will see on your trip... and it wouldn't surprise us in the least to see some one put a ripe tomato off a vine Memorial Day... wonder who that would be? ten years ago I could call my shots but the big boss is not doing as much gardening nowadays.

When a man is given the privilege to hang a gun on his belt he should have something under his cap to go with it... too many times this has failed.

For those interested in the Croton Band... if a committee would meet with a committee from Croton school and pick out a uniform and then report to the committee in charge from the Music Council something would be accomplished... this might look like a lot of committees but it's rather simple.

The effectiveness of champagne is brought about by the yeast fermentation of sugar to carbon dioxide and alcohol during a secondary fermentation in the bottle, according to industrial and engineering chemistry. The correct amount of sugar must be employed in making champagne since too high a carbon dioxide pressure will break the bottles, and too low a pressure gives an insipid beverage, it is said. Rock candy is customarily used.

DO NOT LEAVE WILLS
On some of the islands of the Malay archipelago, many natives do not leave wills or oral bequests, preferring to divide their property after their death through spiritual communion with the holy man of the village. When this is done, says Collier's Weekly, the heirs are usually satisfied believing that if someone received the wrong share or too many pigs the ghost would have raised a rumpus.

Wide belt effects are noted on bloused coats for spring wear.
